## THE MICHIGAN NEWS

### Showing What's Doing in All Sections of the State

#### The Railroad Cases.

Four members of the state tax commission are in Lansing much against their will, having been subpoenaed in the suit of the railroad against the state, by which incorporations hope to law. Commissioners Dunt, McLaughlin, Sayre and Freeman are to give testimony, but Kerr, who was not a member when the first assessment of the railroad property was made, was not subpoenaed.

The first testimony in the big case was taken Tuesday morning in Lansing's common council room, which adjoins the headquarters of the state tax commission.

Benjamin Hanchett, of Saginaw, has general charge of the case for the railroads, and those who were associated with him at the session this morning, were Henry Russell and O. E. Butterfield, of the Michigan Central, Alexis C. Angell, of the Lake Shore, and Fred W. Stevens, of the Pere Marquette.

The state is represented by Attorney General Blair, Assistant R. L. Wyckoff and Congressman Henry C. Townsend.

The testimony is being submitted to Charles L. Fitch, general examiner for the United States court of the western district of Michigan. It is the side of the railroads, the complainants in the case, that is now being presented, and they have two months in which to offer their evidence.

Although there are more than 20 cases in all, a stipulation has been made whereby all the testimony will be offered in the Michigan Central case, and the evidence on both sides will cover any matter that is relevant to any of the railroads.

#### A Bad Week.

Engineer F. J. Dornier, of the Pere Marquette, was instantly killed Saturday morning near Bredsville in one of the worst wrecks ever known on the road. About a dozen freight cars were burned, and many hundreds of dollars in merchandise destroyed. Train No. 58, south bound, was run in two sections, both heavily laden. As the first section rounded the curve just north of the village, the air hose broke, setting the brakes on every car and stopping the train. A brakeman was sent back to flag the second section, but had not gone more than 30 car lengths before the engine was upon him. The curve prevented the engineer from seeing the danger until he was close to the danger signal, and then it was too late to more than check his speed. Engineer Dornier bravely stuck to his post, and when the engine plowed into the caboose ahead of him the shock was so great as to completely overturn it, burying him completely. When his body was recovered it had been shockingly burned, but it is thought he was killed instantly and did not suffer from the fire, which quickly enveloped the cars immediately in front and behind the wrecked locomotive. Dornier's home was in Grand Rapids.

#### Will Want \$10,000 More.

The deed for the site of the State Institution for the Employment of the Blind, in Saginaw, has been accepted and the plans of Architect Cowles, subject to modifications which he will make, were also practically adopted. The institution will comprise four buildings, in a generally classic style of architecture, and the administration building and two dormitories, to face Houghton avenue and Bliss park. The machinery or factory building will be a substantial structure and comparatively plain. It is thought the buildings will cost \$80,000, or \$10,000 more than it was at first thought. It is also likely that a superintendent's residence will be erected at no distant date, this plan being thought preferable by some members of the board to that of providing a permanent superintendent's residence in the administration building.

#### Mr. Czolgosz's Saloon.

Frank Czolgosz, brother of Leon Czolgosz, who was electrocuted for the assassination of President McKinley, has sold his 40-acre farm, three miles west of Alpena, and will open a saloon in the residence district, near the city limits. The building he has leased was formerly a saloon, but has not been occupied as such for several years. Mr. Czolgosz has been a respected citizen of this locality for upwards of 12 years and has always borne a good reputation.

#### Elit to Be a Witness.

In the Ingham county circuit court Monday Prosecuting Attorney McArthur asked for permission to add the names of Eli R. Sutton, Court Stenographer Loomis and wife and F. J. Hopkins, assistant cashier of the City National bank, to the information as witnesses in the case of John Holbrook, charged with attempting to bribe jurors in the Sutton case.

#### Principal Will Fight.

The case of the People vs. E. M. Ledyard, the school principal of Durand, who is charged with assault and battery upon 9-year-old Jessie Clark, a pupil, was adjourned till October 17. Ledyard has employed Attorneys Kelley and Searle, of Ithaca, to defend him and two local attorneys will act as counsel. Defendant says he will fight the case through the supreme court to make a test on record.

#### May Continue Spanking.

Because her father took her across his knee and gave her a good old-fashioned spanking where it would do the most good, and was otherwise "impolite" to her, Ellen Malover, of Bay City, aged 15, but who is as fully developed as most girls of 18, caused the old man's arrest on a charge of assault and battery. The court told the father he did just right, and told him to continue the good work if necessary.

While attending the funeral of her grandson, Mrs. Henry Mertz, of Port Huron, dropped dead of heart disease Tuesday.

#### Missing Man Heard From.

William J. Pearce, of Pontiac, who mysteriously disappeared from Detroit about a month ago, has written his family that he is safe and sound in Elgin, Ill. In an incoherent and jumbled-up epistle, Pearce wrote that he could not remember a thing from the time he left Detroit, about five weeks ago, until he suddenly regained consciousness in Elgin. He said that he had been wandering about, but that he did not know where or how he had managed to live; that he was badly in need of care and attention, as he had fallen in weight from 175 pounds to less than 140, and his whole system seemed to be racked and shocked as a result of his unconscious wanderings.

#### Millions in Taxes.

Auditor-General Powers announces that the state levy this year is \$4,000,000, which is the highest on record. In 1901 it was \$2,822,847.97, and in 1909 it was \$3,725,875.07. Wayne county will pay \$753,423.58, against \$502,480.07 in 1907. The next largest county levies are Houghton \$355,125.45 and Kent \$288,294.93.

Some of the largest items are, for general purposes, \$800,000; university, \$397,525; Agricultural College, \$100,000; Normal school, \$110,000; College of Mines, \$110,000; Soldiers' Home, \$145,375; Home for Feeble Minded, \$161,000; School for the Deaf, \$105,000; prison improvement, \$174,475; national guard, \$121,000; asylums, \$605,000.

#### A Juror Arrested.

R. M. Thomas, of Thompsonville, who was foreman of the jury which convicted Deputy Spofford, has been arrested on a charge of perjury in connection with the trial. Thomas swore that he knew nothing of the case and could sit on the trial as a competent juror. It is now said that he knew all about the case and witnesses will testify that he told them he would like to sit on Spofford's trial and send him to jail.

#### Bank Closed.

Saturday the Eau Claire Canning Co., drew checks to the amount of \$4,500 on the private bank of A. C. Probert, in that village, but the bank did not have funds enough to cash them. The doors were closed, but the cashier promised to reopen them Monday. Probert was mixed up with the state board of health in the St. Luke's hospital deal a few years ago. The canning company is the bank's chief depositor.

#### A Bold Robbery.

A holdup and successful robbery which in point of boldness was never equaled in Grand Rapids, was perpetrated this morning in the office of C. H. Gleason in the Powers building when Alma Rideout, Mr. Gleason's stenographer, was knocked down and rendered unconscious and later seized before her assailant went through the open safe and took away \$184 in cash, leaving large checks.

Acting upon the complaint of a Benton Harbor fruit grower, Railroad Commissioner Alvord has instructed the prosecuting attorney of Berrien county to proceed against the Pere Marquette railroad for an alleged excessive charge for shipments into that place. ## NEWS OF THE WORLD

### A Brief Chronicle of All Important Happenings

#### The Cancer of Divorce.

Cardinal Gibbons in an interview declares that polygamy exists in every state and that the public school system is imperfect. Of divorce he says: "We are confronted in this country by polygamy. I mean the polygamy that exists in every state of this union, and there is no law against this kind of polygamy, but rather laws that recognize it and make it possible. There is a law against the polygamy that exists in Utah. Is not the law of divorce a virtual form of monogamy in a modified shape? Monogamy consists of simultaneous polygamy, while the law of divorce practically leads to successive polygamy. Each state has on its statute books a list of causes, or rather pretexts, which are recognized as sufficient grounds for divorce—a vinculo matrimonii. There are in all twenty-one causes, most of them of a very trifling character, and in some states, as in Illinois and in Maine, the power of granting a divorce is left to the discretion of the judge. Evidences are accumulating each year that the cancer of divorce is rapidly spreading over the country and poisoning the foundations of the nation. Unless the evil is checked by some speedy and heroic remedy the very existence of our family life is imperiled. How can we call ourselves a Christian nation if we violate a fundamental law of Christianity? And if the sanctity and indissolubility of marriage does not constitute a cardinal principle of the Christian religion, we are at a loss to know what does."

Without one unforeseen incident to mar the execution of the death penalty imposed by the trial court, sustained by the court of appeals, and not interfered with by Gov. Odell, Willis, Frederick M. and Burton Van Wormer were put to death in 15 1/2 minutes at Clinton prison, Danemora, N. Y., Thursday for the murder of their uncle, Peter A. Hallenback, at Greenwood, Columbia county, on Christmas eve, 1901.

The men walked from the doors of their cells in the care of their priest and flanked on either side by prison deputies, with calm demeanor, but extreme pallor. Willis Van Wormer entered the death chamber at 11:34:30, the current was turned into his body one minute later and at 11:37 he was declared dead.

At 11:41:30 Frederick entered the death chamber. At 11:42 the current was turned on and he was declared dead at 11:43:30.

Burton entered the death chamber at 11:47, the current was turned on at 11:47:30, and he was declared dead at 11:48:30.

The entire proceedings from the start of the first man from his cell to the doctor's declaration of the death of the last one, consumed but 15 1/2 minutes.
